

Good morning everybody. I copied some photos from Shutterstock as recommended. We are going for a look of desperation in people for the photos. We want the newcomers to see themselves in the photos and get curious about the program. Keep in mind we want to present at the board meeting on 10/13/21.

2---Be sure to fix the 20 questions. Use the current GASN.info website for reference.

Images for the website:

Fix following points:

1. Main page we might want to change the pictures of a “happy old man with his gambling receipt”
2. Also on the main page is still says “ WECOM TO GASN”. It should say “WELCOME TO GASN”
3. Down the page under “General Information” it should say READ MORE not ream more
4. Under Recovery Steps is says “ Meet the Team”. What is this for?
5. We need to work up a paragraph for the “WELCOME TO GASN” area. Right now is is just a jumble of words
6. Under “CONTACT US” we should upload the Google map for the Unity Club since that is our main hub
7. MEETING LOCATIONS: why does it have “keywords, location, category, and events”? our outdated website listed the meeting for that day. Can we do that?
